

Hopkinsville Kentuckian.

VOL. XXIV.

HOPKINSVILLE, KENTUCKY, FRIDAY, MAY 23, 1902.

NO. 41

J. H. Anderson & Co.

There Was a Time

Years and years ago, when it was nothing unusual to pay great big profits on buggies. In fact everything was sold on that basis, big profits and long credit—if asked for.

SOME DEALERS

Have not forgotten those times, and are still trying to sell you vehicles of all kinds with a great big margin to play on.

Those Good Old Days

Are past. This is an age of cash, quick sales and small profits with the live dealers.

We Know We Can Convince You of This.

We buy from the best factories in this country, pay cash for all of it and sell for cash on the smallest margin buggies were ever handled on in this town or county. Our method enables us to do this, and our bid our nearest competitor several points. Our guarantee is the strongest and broadest ever given. Let us show you our line.

F. A. YOST & CO.,

"For every dollar spent at our store we guarantee 100 cents worth of satisfaction."

FLORAL PARADE

Was a Great and Brilliant Display of Beauty.

Pretty Girls, Bright Flowers, Striking Music, Gallant Riders, Prancing Horses.

The crowning feature of the carnival, the Floral parade, came off yesterday and was witnessed by thousands of people. It was a success in every respect. The weather was about ideal—a little too warm, but a good breeze was stirring. The procession passed from street to street without a hitch and it covered so much territory that there was plenty of room for all to see it to advantage.

The parade was a beautiful climax to the week's festivities. It traversed the principal streets to the music of two brass bands.

First came the city and county officials in carriages, then the fire department in two decorated transfer wagons. The marshals were in evidence here and there along the line on horseback.

Following the second band came the cadets of South Kentucky college.

The first float, a huge canopied affair, decorated in white, contained the Queen of the Carnival, Miss Elizabeth Morris, surrounded by her maids of honor, Misses Russell, Ray, Rust, Nelson, Gunn, Frankel and Wood.

One of the prettiest vehicles was decorated in white peonies, entirely covering the buggy and horses.

Sam Frankel as usual had one of the handsomest in the procession. It was yellow throughout, a dazzling flash of gold, that brought forth applause all along the line.

Then came a carriage trimmed in black and white.

Another in the national colors, most beautifully and tastefully arranged.

A buggy in black and yellow next attracted much favorable comment.

Jim Cooper and his bride rode in a handsome vehicle trimmed throughout in scarlet, considered by many the prettiest decoration in the line. It called forth constant applause.

A two-wheel cart trimmed in pink and drawn by a colored man, dressed in pink, was occupied by Misses Johnson and Hathaway, of Owensboro, and its novelty made it especially conspicuous.

This was followed by the Elks lodge on horseback and a large number of private carriages not decorated.

The committee on awards gave the first prize to Sam Frankel, the second to Jas. E. Cooper and the third to Ben Warfield's pony cart.

The last two days of the carnival are expected to be the best in point of attendance. Saturday especially will be a record breaker. The tobacco season yesterday interfered some, but by Saturday the farmers will be ready to come to town and they will all be here.

TOO MUCH BLOOD.

Presbyterians Want Change Made in Their Hymn Book.

Jackson, Miss., May 21.—In the General Assembly an overture was filed with the Committee on Overtures from the Booneville, Miss., Presbytery, demanding that the hymn beginning, "There is a fountain filled with blood," be eliminated from the Presbyterian hymn book, or else the line reading, "and sinners plunged beneath that flood lose all their guilty stains," be changed.

The overture sets forth that this sentence is an exaggeration of truth in representing that the blood of Christ ever flowed in such quantities in which one could be immersed.

Mr. John D. Elliott and wife, of Owensboro, are visiting in the city.

INJUNCTION SUIT

Brought Against Fiscal Court By Crofton Citizens.

Seek to Restrain Road Supervisor Thomas J. McReynolds From Acting.

The threatened suit to test the legality of the present road working system of the county and the constitutionality of the election of Supervisor T. J. McReynolds, was brought Wednesday.

J. B. Spurlin, O. A. West, M. B. Brown, Jno. M. Dulin, Jno. H. Myers and about a dozen other citizens of Crofton are the plaintiffs and they are represented by attorneys James Breathitt and Chas. H. Bush.

The petition is very lengthy and recites in detail the proceedings of the Fiscal Court.

The suit is against T. J. McReynolds, road supervisor, County Judge W. T. Fowler and Justices S. G. Buckner, J. F. Dixon, N. O. King, J. E. Moseley, T. J. McReynolds, H. B. Clark, J. W. Rogers and W. T. Williamson.

It is sought to restrain Supervisor McReynolds from serving. It is alleged that he does not hold his office by authority of law. It is alleged that he was justice of the peace at the time of his election and voted for himself and was elected by his own vote, and is still serving as both justice and supervisor. That it is contrary to public policy and detrimental to the best interests of the tax payers for a member of the Fiscal Court to create an unnecessary and high salaried office by his vote, and by his own vote elect himself to it.

It is alleged that if the election of McReynolds in January was legal, then it vacated his office as magistrate, and he had no right to vote in the subsequent election in April, held to ratify the previous proceedings.

Plaintiffs pray that the court declare the election or elections to be illegal, null and void, and the office of Supervisor to be vacant. The court is asked to enjoin and restrain the magistrates from recognizing McReynolds as supervisor.

MARKET EASY.

Sales Smaller Than Last Week But Receipts Heavy.

The local tobacco market was easier this week, though prices obtained were fully up to those of last week. Some good leaf was disposed of at most satisfactory figures. The sales were not so large as last week, but amounted to 314 hogheads. Receipts for the week were 575 hogheads, for the year 8095 hogheads. Sales for the year 2726 hogheads. The loose market continues active.

SOME PLANTS SET.

Christian County Blessed With Good Shower This Week.

The rain Tuesday night extended nearly all over the county and a fairly good tobacco season prevailed in some sections. In North Christian the fall was heavy and about one third of the crop was put out. In some parts of South Christian a considerable acreage was also set.

Buggies Smashed.

A jam in the street came near doing serious damage in front of Cooper's stable yesterday afternoon. A team backed into Mr. Cooper's spirited team of grays, causing them to plunge and demolish two buggies in the street and damage the carriage which they were hitched. In trying to prevent a smashup, Mr. Cooper came near being crushed, but escaped with a few bruises by turning the team loose.

Mrs. J. B. Lindsey, of Dawson, is visiting relatives in the city.

T. M. JONES,
MAIN STREET. HOPKINSVILLE, KY.

WILL INCORPORATE. TEXAS TORNADO

"Nortonville Coal Company" Name of New Concern.

Paducah Parties Confer With Local Capitalists at Preliminary Meeting Held Here.

Messrs. W. F. Paxton, F. M. Fisher and W. B. Kennedy, of Paducah, arrived in the city Wednesday night, and, together with the local parties interested, held a preliminary meeting for the incorporation of the Nortonville Coal Company, which will be the name of the company being organized for the development and improvement of the property recently purchased from the Norton estates, consisting of the town site, hotel property and about 2,000 acres of land surrounding Nortonville.

The incorporators will be Messrs. W. F. Paxton, F. M. Fisher, and W. B. Kennedy, of Paducah, and John B. Price, Ira L. Smith, Walter S. Elgin and John T. Edmunds, of this city.

Sufficient capital has been subscribed to carry out the objects of the company and there is no doubt as to its success.

Work has already been begun at Nortonville, clearing up the town, repairing the large hotel and rebuilding the L. & N. freight depot. Immediately upon the completion of the incorporation work will commence on the shaft mine to be opened about 250 yards south-west of the railroad crossing and the company expects to be furnishing a fine grade of coal before fall.

This will be one of the largest enterprises ever started in Western Kentucky and it is gratifying to know that so many local capitalists are interested.

BY A FALL

Bishop Whittle Was Rendered Unconscious and May Die.

Bishop Francis M. Whittle, of the Episcopal Diocese of Virginia, 50 years old and one of the most widely known clergymen in the South, is critically ill at his residence in Richmond, Va., as the result of a peculiar accident. The Bishop has been confined to his house since last fall, but he was able to walk around about his room. In some way he fell upon the floor and broke one of his thighs. He has been unconscious ever since the accident.

Rev. F. A. Mitchell, daughter, Misses Nora and Flora, and son, Will L., of Elberton, are spending a few days with the families of Messrs. F. J. Mitchell and T. D. Humble.

Destroys a Hundred Lives In a Twinkle.

Another Hundred Injured and Many May Die.

Goliad, Tex., May 20.—Ninety-two dead and 103 injured is the result of the awful work of Sunday's tornado. This historic little city was literally swept from end to end by the rushing winds and 150 houses were razed to the ground by the shock. About 29 of the dead were white people, the rest negroes.

Reports from various portions of the State show that the damage from the storm is widespread. Two churches were wrecked at Shiloh and several houses were demolished. At Ben Hur three houses were destroyed and three persons were reported killed there. John Gorman was seriously injured at Thoradale, where several houses were wrecked.

DOCKET FILING UP

With Divorce Suits to Be Tried In June.

Jackson Weathers wants a divorce from his wife, Mary B. Weathers, and has brought an action for same. He alleges that they lived together about one year when defendant abandoned his home.

J. R. Woolley has sued for a legal separation from Bonnie Woolley, alleging abandonment. They were married in Clarksville in 1879 and lived together as man and wife for 20 years, the plaintiff states. They have six children, two of them over 21 years of age, and the custody of four of them is also asked for by plaintiff.

Frank Clark vs. Mary Lizzie Clark is the style of another divorce suit filed with the Circuit Clerk. The petition states they were married in 1865 and lived together until 1900. Abandonment and lascivious conduct is charged.

Frank Lewis wants a divorce from Molly Lewis. Adultery is charged. They were married in Christian county in 1899 and lived together as man and wife two years and six months.

Ophelia Gooden sued for a legal separation from Ben Gooden. Plaintiff says that they were married in Hopkinsville about two years ago, and that the defendant parted with him on the altar, immediately after the ceremony and has not since lived with him.

Clover Collie

Mr. G. R. Cayce, of near the city, lost two fine cows Wednesday. They died of "clover colic."

Weak?

"I suffered terribly and was extremely weak for 12 years. The doctors said my blood was all running to water. At last I tried Ayer's Sarsaparilla, and was soon feeling all right again."
Mrs. J. W. Fiala, Hadley, Ct.

No matter how long you have been ill, nor how poorly you may be today, Ayer's Sarsaparilla is the best medicine you can take for purifying and enriching the blood.

Don't doubt it, put your whole trust in it, throw away everything else.

11.00 a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows about the blood and will be glad to tell you.

J. C. Ayer & Co., Lowell, Mass.

33,700 LOST.

Close estimate on the Volcano Victims.

The first official estimates of the results of the explosion of Mont Pelee have been announced, says a Port de France dispatch. These give 29,000 as the number of people buried in the ruins of St. Pierre. Six thousand persons from other towns were rescued by steamships or fled to places of safety. 3,000 persons probably were drowned. This is the most complete estimate made so far. About 1,700 were lost on St. Vincent.

The relief steamers now on the scene are the American ships Cincinnati, Sterling, Potomac and Longfellow; the French Cruiser Souchet and the British supply boat Madiana. Owing to the red tape it has been found impossible up to the present time to unload the supplies at the Chamber of Commerce of New York.

The bodies of Thomas T. Prentiss, American Consul and James Japp, British Consul, have been identified, and will be brought here for shipment. Both bodies were bruised by the fall of lava and stones almost beyond recognition.

Want Follow Advice After Paying For It.

In a recent article a prominent physician says, "It is next to impossible for the physician to give patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach and Bowel Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by C. K. Wylie.

Another Contest in Clarksville.

An Old Time Fiddlers' contest will be held at the Opera House in Clarksville June 20, the proceeds to go to the Masonic Lodge at that place. Several performers of this city will attend.

Impurities in the blood, produced by digestive disorders must be driven out before hot weather sets in, otherwise sickness will appear at a time when a strong vigorous body is most needed. Prickly Ash Bitters will expel all impurities and put the system perfect again. R. C. Hardwick, special agent.

Died in Asylum.

Rose Lee, a colored asylum patient, died Tuesday of epileptic convulsions, aged 35 years. The remains were shipped to Smith's Grove Wednesday for interment.

Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops. —JESSIE PINKNEY HALL, Springfield, Ala. This Remedy is for sale by C. K. Wylie."

Bob Stepp, col., died near Church Hill Tuesday, of consumption.

Warm spring dews produce a feeling of drowsiness if the body is loaded with impurities of winter diet. Cleanse the blood, liver and bowels with Prickly Ash Bitters. It creates energy and cheerfulness. R. C. Hardwick, special agent.

A TREAT FOR PERCIVAL

Proud Young Mother and Her Brilliant Little Son.

"I heard of the lady Percival today," said Mrs. Youngmother to her husband at the dinner table the other evening, according to London Tit-Bits. "Mrs. Drachly was here, and she told me about it. She's doing it for her little Percival, and I'm going to do it for our dear little Percival. I began today."

"Begin what?"

"I began to keep a 'life book' for him."

"A 'life book'?"

"Yes, dear; a 'life book.' You don't know what that is, do you?"

"No, my dear; I do not."

"Well, you get a real nice black book, and you write in it every day something the baby has said or done, and you put in his photograph at various ages, and little scraps of his dear little baby growings and locks of his hair, and keep it all for him until he's grown up. Just think what a treasure it will be to him!"

"Yes, I—I suppose so," said Mr. Youngmother, doubtfully.

"Oh, I will! He'll think the world and all of it! I went right out after Mrs. Brightly left and got a book and have written in it already."

"What have you written?"

"Oh, I'll read it to you while you eat your dessert. I don't care for any dessert. You listen: 'Our dear, sweet, precious love of a Percival is four months old to-day, and he is brighter and sweeter and smarter than most babies are at twice that age. He looks at things, and I am sure that he understands every word we say. He says 'da-da, da-da' just as plain when we ask him to say 'papa,' and I am almost sure that there is a toothy coming in one of his dear little gums. To-day he took hold of his dear little toe and looked at it, and then put it in his sweet little mouth. The nurse says that she never saw a baby of his age do such a thing before. He is a great deal more forward in everything than Mrs. Smythe's baby, who is four months older than he. Yesterday he lay perfectly still, but on his back, looking right up at the ceiling. I wonder what he was thinking about. It is so sweet and cunning for anything to see him hold out his hands and hear him go 'goo-goo' when we show him his little of milk. He reaches out his hands for it, and knows just exactly what it is. He has wonderful intelligence.'"

"Now, my dear, won't it be lovely for him to have that to read when he is a big man?"

"Very."

"I'm sure it will, and I'm going to put something of that kind in the book every day until he is a man."

A LITTLE ESSAY ON TRASH.

What Proves Useless to One Proves Useful to Another.

In the course of his annual report, George W. Martin, secretary of the Kansas State Historical society, philosophizes as follows:

"I think the collections gathered by this society most remarkable in completeness and in quality, with a minimum of what critics—who have never seen it and who have no idea of its use—call trash. Of course there is trash in it. The trash is everywhere. If the society had always been as well located as it is to-day, the quantity of its material would have been larger, with the result of lowering the per cent. of trash. The question of trash has existed since the world began. Trash abounds in all collections, and in all books, and, if necessary, it is at least harmless. It is not near as annoying to the investigator as the thing he wants and cannot find. It is maintained and perpetuated because, after all, what is trash is a matter of personal judgment. Everybody who gives any thought to the subject of trash runs up against the same stump. We are told that there is two-thirds trash and one-third useful, but the objector asks: 'Who will pick out the one-third?'"

A Notable Fogbox.

A large fogbox is to be placed in the Gulf of St. Lawrence. The box is four feet in diameter at the outer end and 12 feet long. The sound is produced by driving compressed air through a double set of valves carrying revolving discs with holes cut in them. One set of discs produces a deep roar and the other a shrill shriek. The valves are controlled by clockwork and every two minutes a roar is emitted, followed ten seconds later by a shriek. To operate the box there are three air tanks, each six feet in diameter and 12 feet long, and three engines run three compressors to fill these tanks. On a favorable day this horn can be heard at a distance of 12 to 15 miles. The plant is automatic.

JUST FORTY-NINE

Graduates Turned Out by Various Hopkinsville Schools.

Public School Has Largest Graduating Class in Its Entire History.

The schools of Hopkinsville are closing a banner year and turning out an aggregate of forty-nine graduates. The first commencement exercises will be those of the Bethel Female College, which has eight graduates.

This school will close next week. The pupils' reception will be held to-night. Rev. John O. Rust will preach the baccalaureate sermon Sunday night at the Baptist church and the following three nights will be taken up. The graduates will receive their diplomas at the Opera House Wednesday night. The graduates are as follows:

Patty Bartley, B. A.; Dell Gaines, B. A. and Music; Miriam Eades, M. A.; Georgia Rushing, Music; Mable Hillie, B. A.; Daisy Williams, B. A.; Frances Huddleton, M. A.; Ida Schaefer, Music.

South Kentucky College.

The graduation exercises of South Kentucky College will be held at the Opera House on June 5th. There are eleven in the class, six young ladies and five young men as here given:

Alice Jones, A. B.; Willie Long, A. B.; Vada Fox, A. B.; Edward L. Young, A. B.; William Smith, A. B.; Ora Clardy, B. S.; Ruth Major, B. S.; Mattie Edmondson, B. S.; Gustavus H. Moore, B. S.; Durward H. Primrose, B. S.; Chas. H. Head, B. S.

Mr. Ed L. Young, of Madisonville, is valedictorian, and Miss Willie Long, of Hopkinsville, is salutatorian. Mr. Head will read the class paper.

Public Schools.

The graduating class in the public high school is the largest by in the history of the school. This is the eleventh class. There are 26 in all, 8 boys and 18 girls. The commencement exercises will take place at the Opera House June 3 and the Junior entertainment will be held at the tabernacle June 4. Names of the graduates follow:

Boys—Lawson Borneaman Flack, John Carleton Galbreath, William Richard Hardy Hadden, Charles McCarroll, Lewis Jarrett McPherson, Shelby Lewis Peace, Theodore O. Reynolds, Charles Wallace Thacker.

Girls—Gladya Bartley, Mary Emily Braden, Annie Mae Brasher, Mary Lucile Bush, Melona Altman Collins, Mable Pauline Duncan, Victoria Gabriella Collins, Norcia Elgin, Margaret Thompson Ellis, Sara Katherine Faxon, Mary Faust Le Roy Garnett, Eugene George Goldthwaite, Theresa Jeanette McKee, Mildred Leona Pyle, Nannie Dudley Reeder, Flora Ryan, Anna Lawrence Tobin, Betsy Massey Ware.

As previously mentioned the colored public school turned out four graduates as follows: Annie Bell Buckner, Willie Mae Christian, Mary Francis Morgan, and Edward Kelly Williams. They were examined by the county board and were granted diplomas. Several others who completed the course failed to pass. The colored school closed a week ago.

SCHOOL EVENTS.

Dates For the Coming Commencement Exercises.

May 26—Kalozeotic Society of Bethel Female College renders program at the Opera House.

May 27—Baccalaureate address of Bethel Female College at the Baptist Church.

May 28—Commencement proper of Bethel Female College at the college chapel.

June 3—Hopkinsville Public School commencement at the Opera House.

June 4—Junior entertainment of Public School at the Union Tabernacle.

June 5—South Kentucky College commencement exercises at the Opera House.

MOST LADIES NEED A TONIC EVERY SPRING.

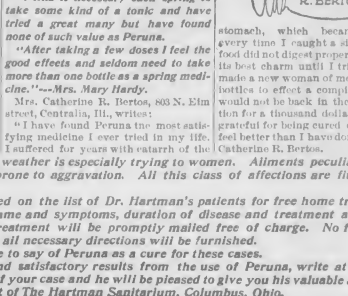

MRS. BARBARA McDONALD

JULIA V. TELLER

MRS. MARY HARDY

MRS. CATHERINE R. BERTOS

MRS. BARBARA McDONALD, President of the St. Louis Blue Ribbon Club, writes the following letter concerning Peruna from 297 Dayton street, St. Louis, Mo.:

"It is with feelings of gratitude for benefits derived from the use of Peruna that I desire to proclaim to human-kind my experiences, hoping that it will benefit some unfortunate sufferer like myself. 'Suffering for years with what appeared to be an incurable malady, and after a great expense incurred consulting physicians without any benefit, I was recommended to try Peruna. As a last expedient I purchased a bottle, and before one-half of the contents were used I felt the beneficial results. I am continuing to use same, and might say I am entirely well. My disease seemed to be catarrh of the stomach, and the nauseating sensation, and the heavy, languid, tired-out feelings with which I suffered, especially after eating, have entirely left me, and my digestive organs are in splendid condition, all of which I owe to the use of Peruna.'"

MRS. BARBARA McDONALD.

Miss Julia V. Teller, of 208 Prairie street, Milwaukee, Wis., is President of the German Young Woman's Union. Her opinion of Peruna is given in the following words:

"Over many Young Woman's Union has nothing but praise for Peruna. Three of our members have been most wonderfully helped. One of them had the fasciade incident to spring from many varieties are especially prone to aggravation. All this class of affections are fitly described by the term 'pelvic catarrh.'"

Any woman wishing to be placed on the list of Dr. Hartman's patients for free home treatment and advice should immediately send name and symptoms, duration of disease and treatment already tried. Directions for the first month's treatment will be promptly mailed free of charge. No free medicine will be supplied by the doctor, but all necessary directions will be furnished.

Read what the above ladies have to say of Peruna as a cure for these cases.

"If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Clerk and Carrier Examination.

The United States Civil Service Commission announces that on June 11, 1902, an examination will be held in this city for the positions of clerk and carrier in the post-office service.

This examination offers an excellent opportunity for entering the Federal service to bright, energetic young persons who are not afraid of hard work, and the Commission hopes that a large number of intelligent, active persons will present themselves for this examination. It may be stated that there is a wider field for advancement upon merit in the Federal service than in many private employments.

The nature of the examination is that of practical, general intelligence, and of adaptability to post-office work. The age limitations for this examination are as follows:

All positions 18 to 45 years.

All persons who have been examined for the position of clerk or carrier within the past year and failed to pass may be examined upon filing new applications in due time.

All applicants, male and female, must have medical certificate in Form 101 executed. Male applicants must be at least 5 feet, 4 inches in height, and weigh not less than 125 pounds.

The names of all male eligibles will be entered on both the clerk and the carrier registers, and appointment from either register will remove the eligible's name from both registers.

The examination is held to secure eligibles for appointment to other existing vacancies in the present force, or for an increase of force which is expected will be made after July 1 next.

This examination is open to all citizens of the United States who comply with the requirements. Competitors will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the civil service law and rules.

For application blank (Form 101) full instructions, specimen examination questions, and information relative to the duties and salaries of

THE DIFFERENT POSITIONS, APPLICATION should be made to the undersigned.

Applicants may be filed with the secretary of the local board as late as 9 a. m. on June 11, 1902.

W. M. E. WILLIAMS, Secretary Postal Board.

"What's in a name?" The word "bitters" does not always indicate something harsh and disagreeable. Prickly Ash Bitters is proof of this. It cleanses, strengthens and regulates the system thoroughly, yet it is so pleasant the most delicate stomach will not object to it. R. C. Hardwick, special agent.

Lawyers Advertise.

In spite of the prejudice among lawyers against straightforward advertising, says the Philadelphia Record, several members of the bar do advertise regularly in newspapers, and they find it pays.

One lawyer in New York who puts \$100 a week into newspaper advertising tells Printers' Ink that he would not stop advertising for the world.

"If I should stop it, he adds, I should expect to be forgotten. The ethics of the profession are largely an illusion—a bagaboo. No lawyer is ostracized because he advertises."

FIRE AT MAYFIELD.

Big Warehouse Burns With One Thousand Hog-heads of Tobacco.

Mayfield, Ky., May 20.—The tobacco warehouse of Ligon, Allen & Co. formerly was by J. W. Griffin, was burned to day at 12 o'clock, and with about 1,000 hog-heads of tobacco. The fire was caused by a barrel of pitch exploding. The tobacco was owned by a number of re-handlers, and was not partly insured. The total loss is between \$75,000 and \$100,000. This was one of the largest warehouses here, and was comparatively new.

ATHLETIC PREACHER

Swims Ashore With a Young Girl After Canoe Had Upset.

Bowling Green, May 20.—The Rev. C. W. D. Hill, the young rector of Christ Episcopal church here, and Miss Rouse, one of the music teachers at Potter College, of this city, narrowly missed being drowned yesterday afternoon in Barren river. They accompanied a party of young people on a fishing trip. Mr. Hill and Miss Rouse were in the same canoe. The minister, in attempting to land a large fish, overturned the boat. The rector is athletic as well as religious, and succeeded in swimming ashore with his female companion.

All Infants Saved.

The General Assembly of the Presbyterian church in the United States Tuesday discussed the question of infant salvation, and in declaration of that portion of the Confession of Faith relating to the subject, so changed it as to make it clear that the church's belief is that all dying in infancy are included in the election of grace."

All profits divided among policy-holders. It is conspicuous for economical management, liberality of its policy contract, fair-dealing with its members and large annual dividends to reduce the cost of your insurance. WALLACE & MOORE, Agents.

THE OBJECT

Of the Kentucky Educational Association at Lexington.

(BY SUPT. J. G. CRABBE, ASHLAND.)

The Kentucky Educational Association will hold its next session in Lexington, beginning at 2 p. m., June 24, 1902. If its purpose is firmly fixed in the minds of the State, it will be the greatest educational gathering in the history of Kentucky, and Lexington will offer a welcome and reception that the visitors will carry in memory for years.

This annual meeting of the teachers of the common schools, the academies, the normal schools, and the colleges, means, first of all, the direct betterment of the schools themselves. Weary teachers are refreshed, sick teachers are re-covered, weak teachers are strengthened, disheartened and discouraged teachers are heartened and enlivened, old teachers are rejuvenated and dead teachers are made alive; and all because of the union and fellowship of kindred spirits. And when teachers become thus renewed in body and spirit they are bound to carry new life and vigor into their school rooms. Oh, that ever teacher in Kentucky might help to add to the glow of inspiration that ought to come from this State meeting.

Hundreds of communities yet need the force that comes only through an educated and enlivened public sentiment. Public sentiment and the leaders of public sentiment are born in just such meetings as these educational associations. Teachers can not afford to remain at home as if uninterested. Folks say of such teachers that they fear to see public sentiment aroused because of their incompetency. How much better for teachers to help form and mold public sentiment than to wait until an aroused public sentiment proceeds to fashion them to a new and better order of things, or to insist upon their retirement from the ranks.

Every school board, every community should know—in fact they are rapidly coming to know—that no teacher can long continue to do excellent work and render the best service who neglects to read and digest the best educational journals and to attend the best educational associations. Through these means are learned the most excellent ways, methods, devices and sound pedagogy, and through these alone are caught the spirit of progress and the aspiration for higher ideals. Keep up with the procession! Let each teacher in the commonwealth arrange affairs so that a few days may be spent in professional country at Lexington this summer.

Blinded by the sun, I viewed his person with the best of eyes and saw a smiling face, with Gen. A. C. Jones. He is better up in his

A TEXAS WONDER.

ASKS \$1,970 DAMAGES.

Suit Filed Here Against Western Union Telegraph Company.

I. B. Sherrill has filed suit here against the Western Union Telegraph Company for \$1,950 damages. He alleges that on March 30 last James B. Higenbottom, of Clarksville, Ill., sent him a message announcing the sudden death of Mrs. Higenbottom, his sister, and that the telegram was not delivered to him until the morning of the 31st of March.

Plaintiff further states that his sister was a native of Christian county, and expressed a desire to be buried in this county, but by reason of the failure of defendant to deliver the message promptly he was unable to make arrangements in time to carry her wishes into effect.

Arrested on Capias.

Pete Murphy, col., was sent to the word house yesterday to serve out part of a fine assessed against him at the last term of circuit court for gaming.

For the Sickroom!

Very often ice cream is prescribed when the patient has been forbidden to eat all other dishes. Ice cream is then a necessity; probably a means of the patient's recovery, if made of the proper materials. Made at home in a

Periers Iceland Freezer (One Motion)

You know it contains nothing that would harm the patient. All parts that come in contact with the cream are coated with pure ice. The freezing takes only three minutes and is no trouble at all.

We guarantee this to be the best freezer made.

A NEAR-BY HORROR

Kentucky in the Path of a Deadly Storm.

Cincinnati, O., May 21.—A fatal rain and wind storm struck Cincinnati, Covington and nearby points yesterday. Six persons are known to have been drowned and the number may be added to. The property loss at Cincinnati is placed at \$1,000,000. Lewisburg, a suburb of Covington, was the scene of a downpour of water from a hillside, which swept away a house containing four families, but of the number within only one woman and a child are known to have been lost.

QUARRELED WITH LOVER

Then Snake Charmer Attempted to Kill Himself.

"The Girl with the Auburn Hair," who did the aerial act and handled the snakes in Bucklin's Bill's Wild West show, attempted suicide at Springfield, Tenn., by swallowing a large quantity of laudanum. Physicians succeeded in saving her life. She gave as a cause that she had quarreled with

Don't Wait Until Fall TO BEGIN TO BUILD.

It takes a month or more to get the plan question settled, and the best houses can not be built in a hurry. A house built in the winter is seldom satisfactory, and a fall beginning means a winter ending. Furthermore, prices on all materials are generally higher in the fall. Then too, most people wait till then to build, and work brings a higher price when there is a great deal of it. Hence you have everything to gain and nothing to lose by building in the Spring and Summer.

If You Wish to Build This Year Build Now.

RUBBER TIRES!

We are now putting on the justly celebrated Victor Springfield Rubber Tire, also the M. & W. 2-wire tire.

HAVE YOU SEEN THEM?

WE ARE BUSY

Running Buggies, Carriages and Pheatois in the back door and rolling them out at the front. We are selling more vehicles and more FINE vehicles than we ever did. A small margin of profit satisfies us on these goods.

Ice Tea Glasses in Elegant Assortments and All Table Glassware.

Forbes & Bro.
